Meewasin EcoAdventure Camp 2022

June 13, 2022

The Meewasin Valley Authority is excited to provide the opportunity for campers to visit Beaver Creek Conservation Area to learn about the importance of conservation, biodiversity, and to foster a love and appreciation for nature and the outdoors.

“Meewasin has a wide range of experiences for everyone to enjoy. These camps are a great opportunity for kids to learn more about our ecosystems in a fun and interactive way. The goal of these camps is to introduce campers to the concepts of conservation and to explore natural areas through outdoor and experiential place-based hikes, crafts and activities. Meewasin recognizes the importance and benefits of having these learning opportunities for youth.” says CEO of Meewasin, Andrea Lafond.

Meewasin EcoAdventure Camps are geared towards 8-12 year old campers and run 6 hours in length from 10am-4pm on Wednesday through Fridays on select weeks in July and August!

These 3-day camps include daily guided adventure hikes exploring the unique habitats and diverse ecosystems of Beaver Creek, wild encounters with flora and fauna including the resident Black-capped Chickadees, engaging experiential crafts and activities related to the adventure theme of the week!

Choose between one of two themed camps or participate in both!
