

Leave your legacy in the *Meewasin Valley*

Meewasin is honoured to be able to offer many opportunities for individuals to help us in maintaining the unique aspects of our city. We work with you to create your own legacy in the Meewasin Valley through gifts to commemorate events, relationships, or occasions, as something that can be enjoyed in your lifetime, not just as a memory.

It is because of the generosity of those who enjoyed the valley before us, that we are able to continue to enjoy and share our vibrant river valley today.

Plant A Tree

Help Meewasin plant trees along the river bank to recognize a friend, family member, colleague, group, or business. Trees are planted and maintained for Three years. Each tree is given its own identifying tag after the dedication ceremony that the donor will use to find their tree. This will bio degrade within a month or two. The tree will not be re-dedicated and remains the tree of the donor for the life of the tree.

Interpretive Panel

The panel is sponsored for 15 years. The donor will also be featured on the Meewasin App page that is created for the content of the panel. Each panel includes a personalized plaque.

NEW Brent Loucks Valley Revitalization Program

Donors to this program will support the beautification and restoration of the Meewasin Valley! For over 40 years Meewasin has been deploying new and traditional land management techniques to take care of this treasured space. You can contribute to this process through a donation of any amount. Generously started with a donation of \$100,000 from Rawlco Radio on behalf of Brent's retirement.

Meewasin evaluates the costs of its amenities program on a yearly basis and costs may change at any time.

All dedications made throughout the year will be recognized in our annual Dedication Ceremony held in June. All donors, friends and family will be invited to attend the ceremony.
