1. An approval granted for a proposed improvement as a result of a development review application made pursuant to s.20 of *The MVA Act*, shall be granted subject to the condition that the duration of such approval (hereinafter referred to as the "Approval Period") shall be for a period of not less than 12 months from the date such approval was granted. The Authority shall determine the Approval Period, and may set an Approval Period of greater than 12 months where it deems it necessary to do so in light of all the surrounding circumstances.
2. Notwithstanding the provisions of Item 1, the duration of the Approval Period may be extended by the Authority if:
 - a) at any time prior to the expiry date of the Approval Period, the applicant applies to the Meewasin Valley Authority for such an extension, with stated reasons, and
 - b) the Authority is satisfied that in light of all the surrounding circumstances, there has been a satisfactory level of progress in respect to construction of the improvement.

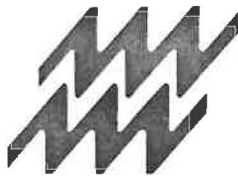

The Authority shall determine the time period for which the extension shall apply.

Any extension to the Approval Period shall be deemed to be part of the Approval Period. There shall be no limit to the number of extensions that the Authority may grant in accordance with this provision.

3. When an applicant proposes any changes to the improvement initially approved by the Authority in accordance with s.26 of *The MVA Act*, the applicant shall, pursuant to s.23 of *The MVA Act*, make a new application to the Meewasin Valley Authority with respect to such changes.

The Authority shall not grant an extension of the Approval Period for the purpose of allowing the applicant to reapply for development review.
